*Kitan? She's an odd one. Competent young officer – she was only 23 when they made her chief of security on the Orville – wrapped up in a bundle of odd insecurities. In her own element, security, she's fairly sure of herself. Throw something new at her, though, and she panics.*

*For a few minutes. Then her fear reaction kicks in ... and her fear reaction is to double down on dealing with the situation. She exemplifies the old cliché, "What doesn't kill me, makes me stronger." It's fascinating to watch sometimes.*

*She's smart, she's determined, and she's good at her job. And if she sets her sights on you, and her cause is just? Well ... may God have mercy on your soul, because you're going down.*
